

ETIS COMMUNITY GATHERING 2025

June 5-6, 2025, Athens, Greece
Royal Olympic Hotel

How Resilient Telcos Leverage AI and Navigate New Markets to Create Value

With over 30 years of excellence, **ETIS** serves as a unique collaboration platform, bringing together telecom experts from across Europe to share insights, drive innovation, and address industry challenges. Defined by **TRUST**, ETIS provides a community-driven space where telecom operators feel empowered to collaborate, exchange ideas, and work together towards meeting their business objectives and advancing the telecom sector.

EVENT SCOPE:

Join us at the ETIS Gathering 2025, on June 5th & 6th at the Royal Olympic Hotel in the heart of Athens. This year's theme, **"How Resilient Telcos Leverage AI and Navigate New Markets to Create Value"**, sets the stage for a unique exploration of innovation and adaptability in the evolving telecom landscape.

WHAT TO EXPECT?

- **Keynote Session:** Tackling the main theme with over 250 in-person participants, livestreamed on YouTube, promoted via various channels, and available permanently on the ETIS YouTube channel.
- **Specialized Working Group Sessions:** Participants join designated working groups (15-30 participants per group) with tailored agendas and interactive sessions on specialized topics relevant to their domain.
- **Guided Tour & Networking:** A community-building activity featuring a guided tour of Athens, fostering informal networking opportunities.
- **Premium Group Dinner:** A formal group dinner at an iconic restaurant, combining premium networking with a memorable experience.
- **Two Full Days:** A carefully structured program combining strategy, collaboration, and actionable insights to inspire impactful partnerships and solutions.

ETIS Gathering brings 250+ attendees, including:

- CXOs, senior executives, and decision makers from over 30 leading European telecom operators across 22 countries.
- Top-Level Experts in one or more of the 15 working groups meeting in Athens: Finance, Billing, Digital Sales, Customer Experience, Innovation and Business Development, Sustainability, Procurement, Compliance, DPOs, CISOs, CTOs, CIOs, CSOs, etc.
