CERT-SOC & ANTI-ABUSE WORKING GROUPS MEETING SPONSORSHIP OPTIONS

DRIVING COLLABORATION
WITHIN THE EUROPEAN
TELECOM INDUSTRY

ETIS, THE EUROPEAN TELCO ISAC

Thank you for your interest in supporting the next ETIS ISAC conference!

As the premier conference of **European telecom security professionals**, this two-day event presents an invaluable networking and collaboration opportunity for ETIS' Telco Partners, Supporting Parties, Collaborators and Guests.

Two working groups are going to meet in Düsseldorf, Germany, 20-21 November 2025! Two separate programmes are being drafted for the two groups.

CERT-SOC
WORKING GROUP

ANTI-ABUSE
WORKING GROUP

Building upon the big success of our post-pandemic meetings in London, Rotterdam, Milan, Bonn, Zagreb and Mechelen, we are looking forward to once again welcoming you in person and providing you with the opportunity to directly interact with your peers.

Learn more about our Community here and our events here. Benefits and levels of sponsorship are highlighted in this brochure. Have questions? Contact me at av@etis.org.

We look forward to being in touch and hope to see you in our next meeting in Germany!

Registrations will open soon.

Kind regards,
Andrija Visic
Senior Community & Programme Manager

DRIVING COLLABORATION
WITHIN THE EUROPEAN
TELECOM INDUSTRY

GENERAL INFORMATION

DATE

20-21 November, 2025

LOCATION

Düsseldorf, Germany

Exact venue TBC

On Thursday evening there will also be an organised networking and dinner opportunity in the city centre.

THE BASICS

70+
participants

ETIS brings together the major telecommunications providers in Europe, with over **70 participants from our Community base**. This consists of **32 Partners** (operators) and **20 Supporting Parties** (suppliers), representing the industry in **23 countries across Europe**.

Network directly with decision-makers and implementers! Participant profiles range from CERT and SOC team leads, managers and analysts to Anti-Fraud experts and incident responders. Sharing is TLP regulated and sales pitches are not allowed.

Twice per year, the two working groups meet following an invite of a major telecom operator or supplier in the ecosystem and all of our sessions focus on the hottest topics and cyber tech trends. **Participation in CERT-SOC WG sessions is only allowed for telecom operator representatives, while the Anti-Abuse WG also welcomes suppliers.**

As a prime sponsor, you have the opportunity to showcase your expertise and leadership through speaking opportunities and participation in our sessions.

10+
sessions

Participants gain deeper insight into trends, discuss challenges and share best practices with their peers across Europe. Working group sessions are designed to be interactive with tangible, concrete takeaways and solutions derived from workshops and roundtable discussions.

Not only engage directly with your customers through the roundtable discussions, but get insights into their current challenges, needs and future vision in areas that matter to you - all while increasing your visibility and good-will as a supporter of this community.

SPONSORSHIP LEVELS

Become an ETIS Supporting Party

Gold Sponsor

Silver Sponsor

- Opportunities for ETIS Supporting Parties and Sponsors: Onsite signage; Demo sessions and other Speaking opportunities in physical events; Proposing and delivering a presentation during an ETIS organised webinar in 2025 or 2026.

BECOME AN ETIS SUPPORTING PARTY (4,000 - 10,000 EUR)

As an ETIS supporting party, you have access to a certain number of working groups for the full duration of the contract (usually 1 year during which you can attend all conferences and webinars). One of these WGs (Anti-Abuse WG, along with the CERT-SOC group) is meeting in Germany with a full 2-day programme. Other groups (Info Sec. & Sec. Awareness) are meeting in June and October. Your logo will be displayed on the ETIS website and you will have access to our members' corner. This is the best way to remain in touch with the community during and after our conference as you can enjoy benefits year round. The contract is a 12 months one, between 4,000 and 10,000 EUR, depending on number of WGs of interest.

GOLD SPONSOR (6,000 EUR)

As a gold sponsor, up to 3 representatives of your organisation can attend the AAWG meeting in Germany together with all the joint sessions (with CERT-SOC colleagues). CERT-SOC WG is for telecom operators only. You would have a secured speaking slot in one of our sessions in Germany, and later in the year in an ETIS organised webinar. Your company's logo will be featured as a proud supporter of the ETIS community in several physical and virtual places of our event. Additional opportunities include reports and marketing materials you can bring and share with attendees in our conference. We also have a demo session planned in our programme (side-track) during which sponsors and supporting parties can showcase their product.

SILVER SPONSOR (3,000 EUR)

Up to 2 representatives of your organisation can attend the AAWG meeting in Germany + all joint sessions. CERT-SOC WG is for telecom operators only. Your company's logo will be featured as a proud supporter of the ETIS community in several physical and virtual places of our event. Additional opportunities include reports and marketing materials you can bring and share with attendees in our conference. We also have a demo session planned in our programme (side-track) during which sponsors and supporting parties can showcase their product.
