- Our Activity
- Our Community
- Data Privacy Working Group

WHY ETIS?

Our mission is to provide **YOU** with the collaboration platform within the European telecommunication industry where **YOU** can exchange with your peers in a highly-trusted manner.

ETIS ENABLES YOU TO...

- ☑ Reach your strategic objectives
- ☑ Improve your business performance
- ☑ Empower your team
- ☑ Thrive with innovation

etis | THE COMMUNITY FOR TELECOM PROFESSIONALS

HOW?

By organizing dedicated activities within **18 Working Groups**, where **YOU**:

DECIDE on the topics for information exchange and meeting set-up

EXCHANGE use cases & best practices with your peers on a regular basis

Have **DIRECT** discussions with your peers no consultants or intermediate parties

Engage in a **TRUSTED** environment (no media involved)

LEARN from telcos and vendors (no sales pitches allowed)

Collaborate on the **FULL SPECTRUM** (both failures and success stories)

ACCESS exclusive Benchmarks and Surveys

OUR ACTIVITIES

etis

100+
Yearly Online Activities

Webinars

Workshops

Roundtables

30+
Yearly Physical Activities

ETIS Annual Gathering

Working Group meetings

TANGIBLE
Outcomes

DATA PRIVACY TASK FORCE

SHARES EXPERIENCES RELATED TO DATA PRIVACY AND THE IMPLEMENTATION OF REGULATIONS SUCH AS GDPR AND E-PRIVACY.

KEY FOCUS AREAS:

Governance

- Departmental organisation
- Privacy management frameworks (including ensuring cross-departmental compliance)
- Supervisory authorities: Their latest activities and your experiences with them

Interpretations of the regulations

- Privacy risks in areas such as geo-location tracking + facial recognition
- Data monetisation
- Implications + opportunities in new regulations such as the EU Data Act

Upcoming technology developments and the potential impact on privacy

Ensuring regulatory compliance

- Cookies, web tracking and e-privacy
- Use of AI for processing personal data
- Data privacy impact assessments
- External vendor audits
- Schrems II + international personal data transfers
- Data breach management
- Cloud data protection

PARTICIPANT PROFILE:

- The primary participants are Data Protection Officers. Senior legal and compliance experts also participate.

ETIS
